

## **Prayer to Conceive**

Our love is strong.  
We both want, more than anything, to bring a new life into this world.  
Bless us with a child, God.  
Help us, God.  
Let our love bear fruit.  
When our bodies and souls unite in love, let the seed of life take root.

Make us fertile, God.  
Be with us God; watch over us, hear our prayer.  
Amen.
